Observatory

Exploration extends far beyond the trail at our camp observatory. Using powerful telescopes, Scouts study distant planets, stars, and galaxies.

This hands-on experience sparks an appreciation for astronomy while teaching Scouts to navigate the night sky with confidence.

Stellar Food

Great conversation starts at the table. We serve outstanding, chef-crafted meals family-style to bring everyone together.

Our kitchen accommodates a diverse range of dietary needs, ensuring every Scout feels included, valued, and perfectly fueled for the day's adventures.

50FT Climbing Wall

Our 50-foot climbing tower challenges Scouts to test their physical strength, balance, and focus. As climbers navigate their way to the summit, they develop technical skills and personal confidence. It is an empowering experience that rewards perseverance with a sweeping view of camp from the top.

Sailing

Teamwork and navigation drive the experience on the serene waters of Pinecrest Lake.

Here, Scouts learn the fundamentals of sailing, communication, and seamanship against a backdrop of mountain views.

This aquatic adventure builds practical skills and confidence, teaching teams to successfully navigate the open water together.

Range & Target Activities

Scouts learn the fundamentals of archery, rifle shooting, and tomahawk throwing on our safe, supervised ranges.

Built for both beginners and experienced marksmen, this program develops patience, discipline, and the confidence to hit the target every time.

Skilled Trades

Gain practical experience through hands-on instruction in welding, plumbing, and electricity.

By working directly with tools and materials. This program builds tangible problem-solving skills and self-reliance, giving Scouts a foundational capability they will use for the rest of their lives.

Biking

A group of people are mountain biking on a dirt trail in a forest. In the foreground, a young boy wearing a yellow helmet and a white t-shirt is riding a mountain bike. Behind him, a man and two other people are also riding bikes. The trail is surrounded by dense green trees and foliage. The word "Biking" is written in white text on a red background in the top left corner.

Navigate the diverse terrain of the Stanislaus National Forest by mountain biking trails, where each ride offers a mix of thrilling descents, challenging climbs, and sweeping views of the surrounding wilderness.

Backcountry

Hike the rugged trails along the Clavey River, navigating a scenic wilderness landscape by day before camping beneath a vast, star-filled sky.

It is a classic outdoor experience built on backcountry exploration and self-reliance.

Frontier Living

Immerse yourself in the skills of the old frontier—test your aim at tomahawk throwing, discover the art of Dutch oven cooking.

Try your hand at blacksmithing and forging, all while living like the pioneers of the past.

Aquatics

Take to the water and master essential aquatic skills. Scouts earn merit badges in kayaking, canoeing, and swimming while learning proper paddle techniques and water safety. It is a fast-paced program built to challenge physical stamina and build total water confidence.

Open Program

The open program at Camp Hi-Sierra gives Scouts the flexibility to chart their own course.

Scouts explore camp at their own pace while working toward the specific merit badges that interest them most, creating a completely customized summer camp experience.

Sleep under a sky full of stars, hike through the majestic Stanislaus Forest, and cool off in the crystal-clear Clavey River, all while soaking in the peace and beauty of the wilderness

Senior Patrol Leader Week

Designed for Senior Patrol Leaders (SPLs) and Assistant Senior Patrol Leaders (ASPLs), the program focuses entirely on earning their own merit badges and developing skills, free from the responsibilities of managing their home troop. Plus, every unit receives a free week of camp for one SPL, and a second SPL can attend at a reduced rate!

This hands-on program teaches youth how to run dynamic troop meetings, use the Patrol Method effectively, and plan schedules expertly.

By building real teamwork and communication skills, they will return home ready to lead their troop with confidence.

Do you need a Troop?

You don't have to miss out on the adventure. Individual Scouts can attend Camp Hi-Sierra independently, even if their troop goes elsewhere, or return for an exciting second week.

It is the perfect opportunity to explore the vast Sierra Nevada mountains alongside a new community of Scouts who share the same passion for adventure.

Counselor in Training

Ready to step up from camper to leader? Camp is where the next generation of leaders is built.

Scouts aged 14 and older have the opportunity to apply online to become a Counselor-in-Training (CIT).

This program offers invaluable, hands-on leadership experience, allowing older Scouts to mentor younger kids.

It is more than just a summer job; it is a chance to shape the magic of camp for others while discovering what you are truly capable of.
